

علیرضا ابوی

Django Developer

درباره من

Back-End developer with 2+ years experience in Software industry. Highly motivated who loves coding Python and Linux
Serious and regular, committed and promising. A team player, problem solver, highly adaptable to changes and Interested in learning new technologies and tools if the need arises.

While I have not yet had the opportunity to gain formal employment, I have actively pursued various educational and professional development experiences, which have equipped me with valuable skills and knowledge.

Location: Currently residing in Urmia, willing to work remotely but open to relocation to Tehran, Tabriz or other locations as required for the position
