درباره من

I hold a Bachelor's degree in Information Technology and have accumulated over 7 years of experience in the field of programming. My expertise is in designing and coding a wide range of custom systems, including civil project management solutions, registration systems for healthcare sector employment exams, guesthouse reservation systems, marketing process management tools, and payroll programs.

I am deeply passionate about staying up-to-date with the latest developments in this ever-evolving field. I find great satisfaction in being part of a collaborative team where I can leverage the diverse experiences and knowledge of my colleagues to create innovative solutions.
