

حسین دهقان

Product Design

درباره من

Hi, I'm Hossein Dehghan, a product designer with 5+ years of experience. I specialize in creating user-friendly interfaces for various platforms, from mobile apps to software programs. I'm passionate about details and dedicated to making designs that enhance user experiences. My skills cover the entire design process, and I stay updated on the latest trends and technologies. I enjoy collaborative work and bringing creative energy to projects. Let's create something amazing together!

تجربه‌های کاری

Senior Product Designer

Rabsana | تیر ۱۳۹۹ تا فروردین ۱۴۰۱

- Led the end-to-end design process for Rabsan's flagship product, collaborating closely with cross-functional teams to deliver innovative and user-centered solutions.
- Translated complex product requirements into intuitive and visually appealing user interfaces, ensuring a seamless and engaging user experience.
- Championed a design system approach to enhance consistency and scalability across multiple product offerings, resulting in improved development efficiency and a cohesive user experience.

Senior Product Designer

Niazerooz | آبان ۱۴۰۰ تا خرداد ۱۴۰۲

- Spearheaded a comprehensive website redesign project for the organization, enhancing user experience and visual appeal.
- Currently engaged in the design and development of multiple dynamic dashboards, facilitating data-driven decision-making for key stakeholders.
- Created and implemented a robust design system, streamlining and standardizing visual elements and user interface components for increased efficiency and brand consistency.

Senior Product Designer

Synthetic Solutions | آبان ۱۳۹۹ تا خرداد ۱۴۰۲

As a product designer, I have worked on various projects ranging from start-ups to larger companies such as Madorna and Anima. The company I worked for specializes in web3 and blockchain technologies. My experience as a product designer includes designing websites, dashboards, and apps, conducting user research and testing, creating wireframes, prototypes, and mockups, collaborating with stakeholders, developers, and project managers, and implementing user-centered design principles. In addition, I have incorporated features such as accessibility, gamification, and integration with wearable devices. My portfolio inc
